

Freedom Wheels

Affordable custom bikes, built to your child's needs.

freedomwheels.org.au

How does it work?

Freedom Wheels bikes can be fitted with a range of additional attachments to meet your child's needs. These attachments can include outriggers for additional stability, foot and leg supports, postural supports and seat belts to help your child stay in a safe riding position.

How do I choose the right supports for my child?

TAD's qualified therapists assess each child to decide what supports are needed to meet their height, weight and therapeutic needs. Assessments can be held at our office in Northmead, or we can arrange to hold an assessment clinic at your child's school, preschool or disability service provider.

How much does it cost?

Every child is unique, and so is their Freedom Wheels bike. This means that prices will vary depending on your child's support needs. You will be provided with a quote for the cost of the bike following your assessment with your TAD therapist. If your child has access to funding through NDIS, Better Start, or Helping Children With Autism funding packages, you may be able to use this funding to purchase a Freedom Wheels bike.

For children who do not have access to funding, TAD subsidises the costs through fundraising activities and donations, to help cover the cost of the bike for your child.

Call us on 1300 663 243 to discuss your options.

Steps to get your Freedom Wheels bike

1. Call us on **1300 663 243**, visit the Apply Now page on our website, or email us at info@freedomwheels.org.au to get your Freedom Wheels application form
2. Return your application form by email to info@freedomwheels.org.au or by post at Locked Bag 2008, Wentworthville NSW 2145 or fax on 02 9890 1912.
3. TAD staff will contact you to book in an assessment.
4. Have an assessment with a TAD therapist, who will tailor a bike to your child's needs and provide you with a quote for the cost of the bike.
5. Your Freedom Wheels bike will be delivered to you!
